

# AMERICA'S LIFTING & HANDLING SOLUTION FOR THE PROPANE INDUSTRY

LIFETIME EXCELLENCE

PALFINGER

**Customers** request us. **Upfitters** specify us. **Operators** prefer us.

Why? For over 85 years, PALFINGER cranes have provided legendary performance and are best in class. Equipped with fully proportional remote controls for precise placement of tanks – above and below grade, PALFINGER service and articulating cranes are the preferred lifting and handling solution for the propane & LP gas industry. Supported by a nationwide service network and

comprehensive spare parts inventory, PALFINGER cranes deliver:

- **Outstanding lift chart performance** – when and where it counts
- **Less weight and more payload** – to safely carry all your tanks & equipment
- **Up to 30% longer reach** – the longest in the industry
- **Maximum corrosion protection** – KTL E-coated inside and out
